- Anticipate next actions once accepted, to include formal taskings as well as updating StoryMap.
 - IPSC has proactively tasked development of S-320 course. O-325 may serve as a better model than O-305 because it will cover planning cycle at an entry level.
 - AA Memo

 - Draft sent to parents for meeting tomorrow morning.
 - Pending discussion and/or recommendations, will issue formally next week.
 - Piloting System Components: GAs and IMTs
