INCIDENT WORKFORCE DEVELOPMENT GROUP

https://www.nwcg.gov/partners/iwdg

Date: 19 May 2020, 1000 MST

Conference Line: 1-888-793-5446
Participant Code: 5823387#   **Leader Code:** 3875254#

Attendance: Jesse Bender, Chair, NWCG | Tawnya Brummett, M-582 | Dave Celino, IPSC | Michael Minton, ICAC | Dan O'Brien, CGAC | Jim Prevette, NASF | Norm McDonald, NASF | Billy Proffitt/Sean Flanagan, GATR | Karla Luttrell, NICC

Not Present: Cole Belongie, DMC | Coleen Gadd, AHIMTA | Shane Greer, ICAC | Mike Haydon, CGAC | Walter Herzog, BLM | Mike Mattfeldt, USFS

Topic	Presenter
Welcome, Agenda Review	Bender
Review Current Actions: 　　Data Collection • Anticipate data graphics by early June • Prevette will collect state data once format and details are understood. 　　NWCG Tasking Memo 20-001, RPL Standard • Collecting existing program examples to share with task team. 　　Memo 20-01 to ICAC • Finishing draft tasking from NMAC to ICAC to solidify the request from IWDG. • Establish a week in October for a follow up meeting with additional ICAC and CGAC reps with IWDG. 　　Memo 20-02 to CGAC • Sent request to capture best practices and lessons learned this summer. CGAC agrees there's an opportunity to test alternatives and learn. • Discussion specifically on memo has been minimal.	Bender Celino Minton O'Brien
COVID-19 Discussion • Several groups are working to capture lessons learned and identify a location for housing them or a way to mark them. • The Lessons Learned Center (LLC) has a specific COVID section for RLS. Bender will reach out to LLC to see about marking IMT-related documents specifically. • And Bea Day is working with ICs to capture lessons and suggestions as well. Minton and McDonald are both engaged in that group and will provide information. • Additionally, consider how to encourage IMTs and AAs to submit RLS or other documentation. And identify efficient means for doing so.	All
